

Your Name | Your Position

Experience: X years	Language: ENG (C99) / DE (A1)	Location: Night City
Telegram: t.me/username	Email: your@email.com	LinkedIn.com/in/username

👋 Hey there! I'm a seasoned developer specializing in `BrainFuck` with experience in `Python.js`.

Technical Skills

- Languages: Excel formulas
- Frameworks: React, Preact, Postact

Experience

■ Senior @ Freelantis.ai

Apr '22 — Dec '22

Remote, contractor, full-time | Outsource

Stack: Nuxt.js, Next.js, Nixt.js

- Implemented a killer feature: App.tsx component with 10000 lines of code
- Implemented strong typing through JSDoc, resulting in a reduction of bugs by at least 1500%
- Had a fun

■ Junior @ 99 Storeez

Aug '21 — Jan '22

Remote, full-time | Marketplace, internal services

Stack: Angular (1), Nx, gRPC, Material UI

- Developed a frontend for the internal service from scratch
- Contributed to a famous OSS library [noname/react-do-something](#)

Rest activities

I enjoy giving talks (>99), have spoken at: [CSSinJSConf](#), [SuperDuperConf](#).

I contribute to open-source projects like Windows, MacOS, Oracle
